

CITY OF LONGMONT | Planning Division
Prairie Dog Management Permit Application

Upon submission of the Prairie Dog Management Permit Application, the City will determine if a minor or major prairie dog management permit is required. Please see the Prairie Dog Management Overview sheet for more details.

Major Prairie Dog Permits are required to relocate or exterminate prairie dogs if the property has an Active Prairie Dog Habitat (APDH) of 1.5 acres or greater or if it does not have existing urban development. A wildlife biologist will need to confirm the Active Prairie Dog Habitat (APDH) size, as well as provide an estimate of the number of prairie dogs and the methodology for estimation. There is a \$500 application fee for a major permit. When the permit is issued, an applicant for a major prairie dog permit may also be issued a \$1,200 Habitat Restoration Fee for each acre of active prairie dog habitat lost. There are also fees associated with signs used for relocation and extermination (\$20 per sign).

Date of application: 04/24/2020

Applicant (First): Daniel (Last): Wolford

Property Address where prairie dogs are located (or directions from nearest cross streets): Roger Grove Open Space, west of Sunset Street and South of the Railroad Tracks, east of Hoover Rd.

County: Boulder Parcel Number: 157535051 & 157540474

Subject: PD permit for Roger's Grove

Please see attached application and map.

We have identified 6-8 dogs on the site. We intend to euthanize the dogs in the burrow, utilizing carbon monoxide applied by City staff. Numbers too small to warrant a relocation by CPW. This effort will allow us to continue the restoration of the site
